## PRESIDENTS CORNER

This will be my last offering to the Cogwheel as the President of the Stillwater Rotary Club. It is an honor to be a part of Rotary and to be associated with such a terrific group of people. Like so many of the other members who I have talked with who have served as President of the club I have learned so much more about the organization than I would have imagined during this year as President. I have gained a much deeper understanding of the tremendous impact that Rotary has on our community and world that we live in. The Rotary charge that is read each time a new Rotarian is inducted states that Rotarians are people who believe that worldwide fellowship and peace can be achieved through business people united under a banner of service. The common goal of all Rotarians is to make this a better world in which to live. This foundation and the Rotary ideals have never been more important than they are today.

The lifeblood of Rotary is its members. We started this year with 79 members and are ending the year with 84. This is a tremendous accomplishment and would like to thank Jim Schug and the membership committee for their great efforts to help the club meet this goal. Lets keep going as we work toward our two year goal to reach 90 members.

I want to thank all of you for your commitments and contributions to Rotary. It is the collective efforts of each of you that make the difference. Rotary simply provides a structure for this good work to be done. Thank you for the opportunity to serve as the President of this club and I look forward to working with you as we recommit to doing the good work of Rotary.
